

MEZTAL
WORLD STAFFING SOLUTIONS

Flexible Talent Acquisition

MezTal helps you find exceptional talent and builds a connected community for mission-driven teams

Staffing Like You've Never Seen Before...

Team

You make the hiring decisions
You train on your processes
You control the systems

Savings

With cost of living more favorable in Mexico, we offer employees highly competitive compensation packages and US clients still experience approximately 40% cost savings

Management

We manage the messy stuff:
HR, IT, Office, Payroll, Recruiting

MezTal brings the advantages of a vibrant growing metropolis of Guadalajara Mexico to your team. We help our clients streamline costs, rapidly scale operations and add dynamic powerful team members to your team. You choose who to hire for a good fit and manage the member directly. They are your team.

Type of roles: Accountants, graphic designers, software engineers, business analysts, recruiters, product support specialists, customer service roles and any position on your team that can be managed remotely

Client testimonial

Partnering with MezTal was one of our best strategic decisions. We were the first to build and bring in-house Digital Marketing through MezTal. We have a Team Lead, web development, and SEO specialists creating incredible results, leading to more website traffic, leads which instantly yielded more lease signings. Not only did this partnership create a favorable line item on our budget, but more importantly, the key metrics we evaluate continue to increase far superior to our previous digital marketing campaigns

Scott Goldberg | Co-Founder & President, Atlas Senior Living

Client testimonial

Our decision to partner with MezTal was one of the best business moves we made in 2022. Since our initial work with MezTal, we have been ecstatic about how our business has grown with them and see them as a true partner

Isaac Scott | Principal and CEO, Anthem Memory Care

Employee Testimonial

Working with MezTal has been an amazing adventure. I was heard and trusted from day 1 and am grateful for all the support for my professional development. I love the people I work with and the freedom to create a way of working that works best for me and the company. I'm proud to be part of MezTal and look forward to be associated for many more new experiences to come

Linda Cabrales | Senior Controller
